

# What First?

By: Doc Shapiro

2 pistols loaded with 5 rounds each, holstered, hammer on an empty chamber.  
Rifle loaded with 10 rounds, hammer on an empty chamber, staged on the hay bale.  
Shotgun staged on the hay bale with 6 rounds to be loaded from your person.

Shooter starts sitting at the table, with both hands **FLAT** on the table. At the buzzer, reach under the towel and pull out a poker chip. If **RED**, start with the pistols (that's both). If **BLUE**, start with the rifle. If **WHITE**, start with the shotgun. Other gun order is at the discretion of the shooter. After drawing a chip, shoot the targets in the order specified.

Pistols: 1 round in the left target, double tap the center target, double tap the left target.  
Holster. Draw second gun and put 1 in the right target, double tap the center, double tap the left, holster.

Rifle: Alternate between the two rifle targets for 8 shots, last 2 go in the long range gong.  
NOTE: These are NOT bonuses!

Shotgun: Sweep the swingers from left to right 3 times. No double taps.
